Patrick Donovan, Chief Executive Officer, said:

"In the second half of 2018, we made significant investments and progress in achieving Axway's strategic ambitions. I'm delighted that our technology teams' efforts, focusing on our core technologies and the fundamental components of the AMPLIFY™ Hybrid Integration Platform, have produced the desired results. Several product launches are now possible from the first half of 2019. Additionally, in 2018, we validated the viability of our strategy to become a market leader in Hybrid Integration Platforms with both our customers and the broader analyst community. In parallel with the AMPLIFY™ platform, whose catalogue of tools is expanding quarter after quarter, our Customer Success Organization has gained momentum and generated many opportunities over the year. This enabled us to record very strong growth in new Subscription contract ACV, up 56.1% year-on-year. For 2019, we target a return to growth for our activities and we will continue to invest in AMPLIFY™ and make further adjustments reflecting changes in our new Subscription contracts".

Comments on 2018 business activity and operating performance

Axway reported 2018 revenue of €283.8 million, down -3.6% organically. Currency fluctuations had a negative impact of -€8.2 million for the year (mainly due to the depreciation of the US dollar against the euro), while the scope effect was positive at €2.8 million. At constant exchange rates, Axway's revenue decline would have been contained to -2.7% for the year. Overall, revenue decreased by -5.3%.

Thanks to sound cost management, investing solely in the components necessary to achieving the AMPLIFY™ strategy, Axway's profit on operating activities reached €31.9 million, or 11.2% of 2018 revenue.

In the second half of 2018, the Group accelerated the execution of its strategy by significantly strengthening its Research and Development efforts while continuing to adapt its structure and investments to the shift in its business mix towards Subscription offers. This strategy has enabled several important steps to be completed:

- Confirmation of the ambition to become a market leader in Hybrid Integration Platforms by the end of 2020,
- Product portfolio audit and first strategic rationalization decisions allowing the Group to focus an additional 20% of its development efforts on the key components of its future success,
- Redesign of the sales structure and creation of a Customer Success Organization,
- Additional R&D and Marketing investments dedicated to the AMPLIFY™ platform well above the €3 to €5 million planned in July 2018; the Group is bringing the offer to market at a faster pace than initially planned,
- First commercial successes of AMPLIFY™ products on hybrid and Subscription models.

Axway's 2018 performance can be broken down as follows:

Axway Software: Revenue by business line

Full-year 2018 (€m)	2018	2017 Restated*	2017 Reported	Total Growth	Organic Growth
License	56.5	63.7	65.3	-13.4%	-11.3%
Subscription	40.3	38.6	37.5	7.5%	4.4%
Maintenance	142.8	141.6	145.4	-1.8%	0.9%
Services	44.2	50.5	51.6	-14.4%	-12.6%
Axway Software	283.8	294.4	299.8	-5.3%	-3.6%

* Revenue at 2018 scope and exchange rates

License revenue was €56.5 million (20% of Group revenue) in 2018, down -11.3% organically and -13.4% in total. After a stabilization of sales during the first nine months of the year, marked in particular by a buoyant third quarter with the signing of several major projects ahead of schedule, the business suffered, as expected, from a particularly high comparison basis in the fourth quarter. The decline in activity over the last three months of the year was also accentuated by the deferral of two significant projects to the first half of 2019. By product, in line with previous announcements, API management and Managed File Transfer (MFT) were the most popular offers in 2018.

The shift in Axway's business model towards Subscription implies significant variations in quarterly License revenue. The Group's overall objective of stabilizing revenue at around €300 million by the end of 2020 is not, however, impacted.

The **Subscription** business, with revenue of €40.3 million (14% of Group revenue), grew by 7.5% overall in 2018. Organically, the business grew by 4.4% year-on-year. The annual contract value (ACV) of new Subscription contracts signed in 2018 was €13.1 million, representing organic growth of 56.1% compared to 2017. This strong commercial momentum, supported by several structuring signatures for AMPLIFY™ products, demonstrates the attractiveness of Axway's positioning on the hybrid integration market and reinforces the Group's ability to achieve its 2020 ambitions. The company's organization was reshaped mid-year to support the growth of Subscription offers and the launch of several new AMPLIFY™ products in the coming months. The solid growth momentum in new contract ACV should continue throughout 2019.

Maintenance generated revenue of €142.8 million (50% of Group revenue) in 2018. In line with the first nine months of the year, business grew slightly in organic terms over 2018 (+0.9%), as Axway aims to stabilize its revenue by 2020.

Axway's recurring revenue, which includes contract revenue for Subscription and Maintenance activities, represented 65% of the Group's total revenue in 2018 compared to 61% in the previous year.

Services posted revenue of €44.2 million (16% of Group revenue) in 2018, an organic decline of -12.6% over the full year. This downturn was mainly due to the ongoing strategic focus on profitability and high value-added contracts, combined with the continuing decline in the overall services market as Subscription offerings ramp-up.

Axway Software: Revenue by geographic area

Full-year 2018 (€m)	2018	2017 Restated*	2017 Reported	Total Growth	Organic Growth
France	80.9	83.8	83.8	-3.4%	-3.4%
Rest of Europe	65.7	71.4	71.7	-8.4%	-7.9%
Americas	122.3	124.3	128.8	-5.0%	-1.6%
Asia/Pacific	14.9	15.1	15.6	-4.6%	-1.2%
Axway Software	283.8	294.4	299.8	-5.3%	-3.6%

* Revenue at 2018 scope and exchange rates

In **France**, Axway generated revenue of €80.9 million in 2018 (29% of Group revenue), representing an organic decline of -3.4%. Over the year, slight growth in Maintenance and Subscription activities only partially offset the decrease in License and Services business volume.

Activities in the **Rest of Europe** generated revenue of €65.7 million (23% of Group revenue) for the year, down -7.9% organically. While the Subscription business grew significantly, with organic growth of more than 32% over the year, the Company's growth was penalized by lower License and Services sales. Maintenance was stable over the full year.

The **Americas** (USA & Latin America) recorded an organic decline of -1.6% in 2018, with revenue of €122.3 million (43% of Group revenue). The slight increases posted by the Maintenance and Subscription activities over the full year were insufficient to offset the drop in License revenue.

In the **Asia-Pacific** region, the Group revenue amounted to €14.9 million (5% of Group revenue) in 2018. The organic revenue decline of -1.2% for the year was mainly due to the License business despite a very strong rebound in the fourth quarter.

Comments on 2018 net profit

Profit from recurring operations reached €22.5 million in 2018, representing 7.9% of revenue including intangible asset amortization charges of €8.3 million.

Operating profit, including €4.2 million of other operating income and expenses, amounted to €18.3 million, or 6.4% of revenue in 2018.

Finally, Axway's net profit amounted to €11.0 million for the year, or 3.9% of revenue, a €6.6 million increase compared to 2017. Group earnings per share more than doubled to €0.52, from €0.21 a year earlier.

Financial position at December 31, 2018

At the end of 2018, Axway had a solid financial position, with cash of €35.8 million and bank debt limited to €46.0 million.

Free cash flow amounted to €17.5 million in 2018 compared to €24.3 million in 2017 as the Group continues to invest in its changing business model.

At December 31, 2018, shareholders' equity amounted to €362.7 million compared to €344.1 million a year earlier.

At the beginning of 2019, the Group renegotiated its bank lines for 5 years (with a possible extension until 2026) and thus has secured financing of up to €125.0 million.

Proposed dividend for financial year 2018

At its upcoming Annual General Meeting scheduled for June 5, 2019, Axway will ask shareholders to approve the distribution of a dividend of €0.40 per share, compared with €0.20 in 2017.

Change in the workforce

At December 31, 2018, Axway had 1,848 employees (25% in France and 75% outside France) compared to 1,780 at the end of June 2018.

2019 Targets & 2020 Outlook

For 2019, the Group is anticipating:

- A return to organic growth in its business that should continue into 2020 to enable Axway to achieve the level of around €300 million revenue (“stable compared to 2017”),
- An operating margin on business activity of between 8 and 10% representing a low point during the period of transformation of the business model, before a rebound in profitability expected in 2020.

Disclaimer

This presentation contains forward-looking statements that may be subject to various risks and uncertainties concerning the Group's growth and profitability, notably in the event of future acquisitions. The Group highlights that signatures of license contracts, which often represent investments for clients, are more significant in the second half of the year and may therefore have a more or less favorable impact on full-year performance. In addition, the Group notes that potential acquisition(s) could also impact this financial data. Furthermore, activity during the year and/or actual results may differ from those described in this document as a result of a number of risks and uncertainties set out in the 2017 Registration Document filed with the French Financial Markets Authority (*Autorité des Marchés Financiers*, AMF) on April 26, 2018 under number D.18-0393.
