Management Report

November 30, 2018

The types of activities performed by the JSC "Brivais vilnis" are processing and canning of fish and fish products, wholesale of food products and other commercial activities classified nowhere else. On May 14, 2002 the company was registered in the Common commercial register of the Republic of Latvia.

Year 2018 is the 27th year of operation since the Company was transformed into a Joint Stock Company. In 9 months of 2018 the Company produced a total of 8.1 million cans of various types (154) of fish products, including 3.3 million cans of sprat. In 9 months of 2018 there were sold 9.9 million cans for EUR 5.1 million. The financial result of 9 months of 2018 is a loss of EUR 435 662. These losses are from economic activities of the Company.

Net turnover for 9 months of 2018 is EUR 5 106 thousand.

Result for 9 months of 2018:

Gross profit (EUR)	251 thousand
Gross profit (%)	4.9

Operating results of the JSC "Brivais vilnis" compared to the previous year are more successful, the impact of the Russian embargo is still felt. Sales volumes have increased, losses have decreased. The Company has not stopped the operation, it is working according to orders received, mainly by using the fresh local raw materials. Due to the existing market situation, we believe that the most important is to keep existing customers and work on adoption of new markets. We are visiting and participating in food fairs in Western Europe and other world – the exhibitions "Foodagro Kenya 2018" in Nairobi (Kenya), "CONXEMAR 2018" IN Vigo (Spain), "SIAL Paris 2018" in Paris (France), "China International Import Expo (CIIE) 2018" in Shanghai (China).

The Company is working on development of new types of products and new lines of products, and development of new types of packaging, as well as on improvement of quality of the current assortment. The main thing that ensures our products to be special on the market of food products is that it does not contain genetically modified additives, chemical flavour enhancers and colouring agents. Canned fish products are handmade and therefore have a good quality. The world's increasing demand is for natural food, produced without artificial additives.

We are continuing to work on optimizing the cost structure.

The Company has the IFS certificate – an international food safety standard and the Kosher certificate of the Orthodox Union.

Arnolds Babris
Chairman of the Board

NOTES TO THE FINANCIAL STATEMENTS

ACCOUNTING POLICIES

I Summary

The financial statements of AS Brivais vilnis have been prepared in accordance with the law of The Republic of Latvia. Financial statements are prepared on historical cost basis.

The monetary unit used in the financial statements is EUR, the monetary unit of the Republic of Latvia. The financial statements cover the period 01 January 2018 through 30 September 2018.

II Earning recognition and net turnover

Net turnover is the total value of finished production and goods sold as well as services provided without discounts and VAT during the year.

Other earnings are recognised at the moment of their origin or at the moment when legal rights on such earnings arise.

Other earnings are caused by exclusion of fixed assets and sales of current assets.

Other interest receivable and similar income is income that is not caused directly by the operating activities.

III Intangible and tangible fixed assets

Intangible and tangible fixed assets have been appreciated according to their acquisition cost.

The cadastral value of land has been assessed.

The write-off value of intangible non-current assets as software is performed on a straight-line basis annually for equal amount.

Depreciation is calculated on a straight-line basis over the estimated useful life of the assets.

The following depreciation rates were established and applied:

	% per annum
Buildings and constructions	1 – 5
Technological equipment and machinery	20
Other fixed assets	10 – 50
Computing and similar devices	33

IV Redeeming leasehold

Such fixed assets as transport that have been purchased on financial lease including the take-over of the related risks have been booked according to their non-lease sales price. Expenditures of leasing interest and similar payments have been included in the income statement of the period it occurred.

V Receivables

Trade and other receivables are recognised and carried at original invoice amount less an allowance for any non-collectable amounts.

An estimate for doubtful debts is made when collection of the full amount is no longer probable.

Receivables are disclosed in balance sheet at the original invoice amount less provision made. Provision on doubtful receivables is made evaluating each receivable individually. Bad debts are written off when recovery is deemed impossible.

All receivable amounts stated in the balance have to be received during the year after the date of balance.

VI Inventories

The valuation of inventories in financial accountancy is being done using continuous inventory method.

The inventories have been evaluated at their purchase or production cost price using FIFO method.

Decreased value of inventories is written-off as costs of the reporting year.

VII Corporate income tax

The corporate income tax for the reporting year has been calculated according to the legislative requirements of the Republic of Latvia. The applied tax rate for the corporate income taxes per 2018 - 25%.

VIII Foreign currency converting

The measure of value and currency used in the annual report is EUR- official currency of the Republic of Latvia.

All monetary positions of assets, equities and liabilities have been converted into EUR according to the currency exchange rate on the last day of accounting year – 30.09.2018.

	30.09.2018.
1 USD	1.1576

The profit or loss from the fluctuations on foreign exchange rates is shown in the income statement or loss account of the particular reporting period.
